32. Write a Python program to draw a scatter graph taking a random distribution in X and Y and plotted against each other.

AIM: To Write a Python program to draw a scatter graph taking a random distribution in X and Y and plotted against each other.

OUTPUT:

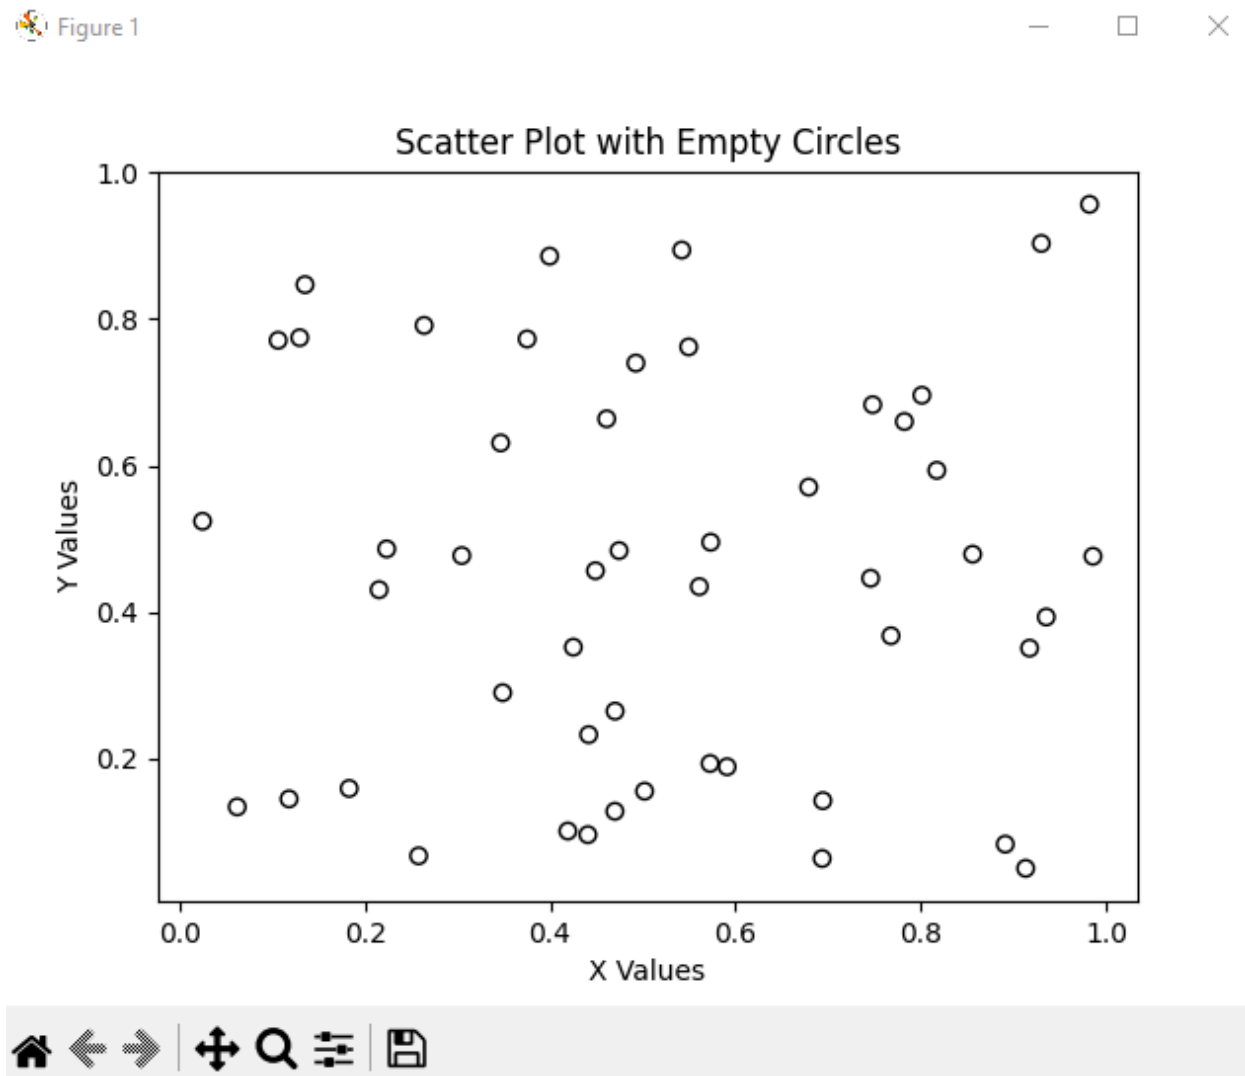

RESULT: Thus, the Python program to draw a scatter graph using random distributions of X and Y values was executed successfully.

32. Write a Python program to draw a scatter plot with empty circles taking a random distribution in X and Y and plotted against each other.

AIM: To Write a Python program to draw a scatter plot with empty circles taking a random distribution in X and Y and plotted against each other.

OUTPUT:

RESULT: Thus, the Python program to draw a scatter plot with empty circles using random X and Y values was executed successfully.
